Chap No./Document No.	Title
Chap 3.9.4	Authoring - Front matter
Chap 3.9.5.2.16	Content section - Front matter
Chap 6.2.3.1	Layout rules and examples - Front matter data modules

1 General

A package of an example of the front matter data modules for a Steamroller handbook is provided in down load package **S1000D_X-X_FM_Samples.zip** (where X-X is the issue number of the specification) from www.s1000d.org. It includes a publication module and all the basic front matter data modules for a Steamroller, which has a model identification code set to "X4".

The set of front matter data modules XML files, originated from the publication module PMC-X4-B6865-AMP00-00_004-01, can be used for setting up and testing an automated process to produce the basic front matter data modules.

The package also includes a publication module and a hierarchical Table of contents for a Steam engine handbook, which has the model identification code set to "E2".

This front matter package can be used to set up and test your system regarding front matter.

The XML markup of the title page, S1000DBIKE-AAA-DA2-20-0000-00A-001A-A, as presented in and Chap 3.9.5.2.16 and Chap 6.2.3.1 is given in Para 5.

2 Publication modules

FM sample X.X - Publication modules.zip

The package includes the publication modules that can be used to automate the production of:

- Title page - TITLE
- List of effective pages - LOEP
- List of effective data modules - LOEDM
- Highlights - HIGH
- Table of contents - TOC

A publication module for the first volume of the introduction of an advanced maintenance publication for the Steamroller, which uses a linear TOC is provided. Refer to Chap 3.9.4 and Chap 6.2.3.1.

Also, a publication module for the Steam engine handbook using a hierarchical TOC is provided. Refer to Chap 3.9.4 and Chap 6.2.3.1.

3 Data modules

FM sample X.X - Data modules.zip

The package includes examples of the following front matter data modules referred from the publication module **PMC-X4-B6865-AMP00-01**:

- Title page - TITLE
- List of effective pages - LOEP
- List of effective data modules - LOEDM
- Change record - CR
- Highlights - HIGH
- Highlights with updating instructions - HIGH[1]
- Technical standard record - TSR
- Table of contents - TOC

For each front matter data modules an example is given of:

- the data module as an XML file
- the same data module showing the XML markup in an MS Word™ file
- the final presentation of the data module in an MS Word™ file
- the final presentation of the data module in a PDF™ file

Note

The presentation is in line with the S1000D standard page-oriented presentations. Refer to Chap 6.2.3.1.

An example of a hierarchical Table of contents data module referred from the publication module **PMC-E2-B6865-EMP72-00** is included in the data module package.

4 Illustrations

FM sample X.X - Illustrations.zip

The illustrations used in the front matter PM and data modules are included.

[1] A HIGH with updating instructions is enclosed in the package, but not used in the PM.

5 Example of a basic title page

This example shows the markup of S1000DBIKE-AAA-DA2-20-0000-00A-001A-A as presented in and Chap 3.9.5.2.16 and Chap 6.2.3.1:
